The wind which has been part of almost every competition this year dropped away completely for the 2015 Champion of Champions. Occasionally a light ripple broke up the flat calm and so many fish were moving the competitors were spoilt for choice. However the abundance of trout did not make it easy for the 58 competitors and although some found the answers others did not.

A total of 474 trout for 992lbs were caught with the top two rods taking 17 each. Five rods took 15 fish; two had 14 and five had thirteen. A host of large fish were brought to the scales with the heaviest being 6lbs 6ozs. There were also four over 5lbs and two over 4lbs.
