CATCH & RELEASE IS NOT PERMITTED ON PRACTICE DAYS AT LINTRATHEN

Between them, anglers should make every effort to provide a boatman using the contact numbers shown. In some instances the number may be the club secretary.

Anglers should register at least 30 minutes before the start time.

If you need to withdraw from the competition please contact me immediately. This will avoid any last minute delays to the competition caused by changing of boat partners at the venues when anglers do not turn up. The officials will usually be at the venues at least 1 hour before the start time and you can contact them via the fishery if you have a last minute problem.

During Catch and Release:- 1) ALL hooks must be debarbed or barbless and double hooks are not permitted.
2) Buoyant flies are restricted to floating and midge tip lines at Carron and Lintrathen.

The competition at all venues will have a bag limit of three fish followed by catch and release. The catch and release allowances and cap weight for fish at each venue are as follows:

Loch Awe - Brown trout capped at 2lb with catch and release allowance of 1lb; Rainbow trout capped at 1lb with catch and release allowance of 0.5lb. Only three rainbow to count.

Carron - All trout capped at 4lb; catch and return allowance for Rainbow trout - 2lb and for Brown trout - 1lb.

Leven - Trout capped at 4lb; allowance for returned trout 2lb.

Lintrathen - Trout capped at 3lb; catch and return allowance 1.5lbs; minimum size for brown trout - 12inches (to fork of tail).

Menteith - Trout capped at 4lb with allowance of 2lb for returned trout.

Health and safety information will be displayed at the venues. Competitors and their boatmen must read and comply with any such advice/instructions.

Tom MacTaggart, Secretary, 16 Brockwood Avenue, Penicuik EH26 AL. Tel 01968 672015 - email: tom.mactaggart@btinternet.com
